

Transportation Plan

Carolina Shores Acceleration Academy (CSAA) provides safe and reliable transportation services to GCs in need via a third-party van shuttle service, Private and Personal Transportation LLC. CSAA is not required to provide transportation to GCs, and as such transportation should be viewed as a privilege, not mandatory school service. Transportation is only provided to and from predesignated hub spots, GCs will not be provided transportation outside of these locations.

Pick-Up/Drop-off Location	Name	Address	Days	Hub Pick Up	Hub Drop Off
Conway	Dollar General - 501	954 US-501 S, Conway, SC 29526	Monday, Tuesday, Wednesday	6:50 AM	2:50 PM

Myrtle Beach/Socastee	CVS	3411 Socastee Blvd, Myrtle Beach, SC 29577	Friday	7:25 AM	12:15 PM

Transportation is provided on a first-come, first-served basis, and in the event that a hub spot is full/no longer available the school's registrar will start a waiting list and will reach out GCs if and when transportation spots come available. If a GC is not able to utilize the CSAA van shuttle service the GC is encouraged to utilize Coast RTA bus services free of charge by displaying their student ID badge to the bus driver.

GCs may temporarily or permanently lose the privilege of CSAA transportation service if the GC misses their commitment days without prior notification or the GCs violated safety or behavior expectations on the shuttle or in the academy.

Missed Days: GCs will set up commit days with the driver. If they miss three commit days (with less than 24 hours' notice), then they will be removed from transportation so another GC can take that spot. If the spot is still open after two weeks, the GC may request in writing to be put back on transportation.

Behavior: GCs are expected to follow student conduct rules while in a vehicle. The transportation driver is responsible for managing behavior that affects safety, and for reporting rule violations to the school administration.

Safety Violations Include (but are not limited to):

- Getting up while the van is in motion
- Not being at the designated pick up spot
- Having drugs or tobacco products, including vaping products, in the GC's possession
- Any type of physical contact between GCs
- Loud, disruptive noises that can affect the concentration of the driver

Infractions which impact the safety of other GCs and/or the ability of the van to make its scheduled route will ultimately result in removal from transportation for two weeks. If the spot is not refilled by another GC, then the removed GC may request in writing to be put back on transportation.
